Every Customer Is Pleased

With the service we give him at the big, pleasant store, and more than pleased with the clothing he buys here.

We number among our customers this year many men who have always depended upon the custom tailor, or who have made it a practice to go to Columbus or some other big city for their clothing.

We have secured these men as customers because we have proved to their satisfaction the fact that they really gain by buying here.

If you don't know about the good suits at Meridith's this spring make it your business to drop in this week and get acquainted.

Some particularly handsome tailored spring suits, \$18, \$20 and \$25.

ORPHIUM THEATER.

The last performance of one of the greatest bills ever seen at the Orphium will take place tonight. Really three days of such a clever combination seems too short a stay. There is not an act that has not received unlimited applause from start to finish, and above all the fun and music has been the kind to gladden the hearts of all, both young and old. Such performances as have been given so far this week should prove to the theater going public of Newark that Sun & Murray are sparing no expense to give the patrons the very best and they should be rewarded by packed houses at both shows this evening. The Monarch Comedy Four will drive away all care, while Seymour's dogs, Harvard Judge and the Musical Gerards will please all.

IDLEWILDE PARK.

The favorites of Newark theater goers of the season of 1907 and 1908 at the Auditorium are going to open beautiful Idlewilde Park theater on Sunday afternoon, May 24, for an indefinite period. The theater has been undergoing general retouching for the past two months and now everything is in readiness for a prosperous season. Mr. S. K. Hayes, manager, had several companies to book from, and he chose the Partello Stock to deal out to the patrons of the park theater good, snappy plays. See the opening play, it is said that it will be a dandy.

You have tried the rest. Now try the best—Admiral Coffee.

A GOOD TIME PROMISED.

The boys of the Y. M. C. A. are to have their first all day hike next Saturday.

Leaving the building at 8:30 a. m. the band will march down the Licking for a day of real recreation.

Each boy is required to carry his own dinner. Raw beef steak and potatoes will constitute the bill of fare to be cooked Indian fashion.

The day will be spent in fishing and scouting over the hills and through the woods under the able guidance of Howard Williams, who is an old, experienced hiker, winning his reputation and title of "High Mushy Mush" at the great Gypsy Hike of 1907.

All Y. M. C. A. Juniors are invited. The only admission charged will be "to smile whenever you can." No deal, live active American boy can afford to miss this, the first hike of 1908.

THE BIG STORES FREE OFFER

During this week if you buy materials here, materials which cost \$1.00 yard or more, we will make a skirt, finish and fashion it correctly, and we will make no charge for the skill and labor utilized in its making. We complete the skirt to your measure, cut it the new and most modish models. Did you ever hear of such an offer before? Probably you never will again. It's just one of our surprise sales. This offer will continue in force all this week.

NO TRESPASSING

Many trespassers on the levy built for protection of Licking County Children's Home land, the Orville Kiger and Lees farms, east of Newark, have done great damage recently and in consequence of their action 500 feet of the 2200 foot levy were washed out on the last freshet.

By direction of the commissioners of Licking county and the trustees of the Children's Home, I hereby serve notice that arrests of people trespassing upon this land or in any way interfering with the levy will be made promptly and parties will be prosecuted to the full extent of the law.

THE TOUCHSTONE.

I told mine enemy the truth. His brow

At first grew stern, and from his angry eye

The lightnings flashed. But soon he spoke: "Tis now

I see I judged you falsely. Wrong was I! Forgive me for the past and let us forth

To roam through peaceful meads, all strife at end."

So arm in arm we went, no longer wroth. The truth had made mine enemy a friend!

I told my friend the truth. He bravely smiled.

And, with a gracious courtesy, avowed, "Your candor pleases me!" Yet 'neath his mild

And glad exterior a something stirred. Which plainer said than words: "We are estranged

Forevermore. Your lance hath wounded me. Past all redress!" Love had to haired changed.

The truth had made my friend an enemy! —Eleanor C. Donnelly.

Welcome to Him.

"Good morning, ma'am," began the temperance worker. "I'm collecting for the Inebriates' home and"

"Why, me husband's out," replied Mrs. McGuire, "but if ye can find him anywhere's ye're welcome to him."—Everybody's.

When the Czar Proposed.

The czar of Russia had met the lady whom he wished to make his wife, and he had obtained his father's consent to the match, but it still remained for him to make his proposal to the girl herself.

The sacred words had to be uttered in the old formula which Russian court etiquette prescribes for such occasions.

Seating himself beside the girl, he took her hand in his.

"The emperor, my father," he said, "has commanded me to make you the offer of my hand and heart."

"My grandmother, the queen," she replied, her eyes twinkling with mischief, "has commanded me to accept the offer of your hand."

Then she broke into a merry laugh. "Your heart," she added, "I take of my own accord."

Just because a girl has a hooked nose is no reason why she should fish for compliments.

TOO LATE

MRS. S. C. ALSDORF LEARNED THAT SISTER WAS LIVING IN SAME CITY.

Death Claimed Relative Whom She Had Not Seen in 30 Years—A Sad Meeting.

The finger of Fate has just pointed out a most touching romantic tragedy in the death of Mrs. Rose Clugston, by which her only living sister, Mrs. Della Alsdorf, the wife of Samuel C. Alsdorf, a telephone lineman, has learned, too late, of the relationship existing between them.

Having lived in this city as strangers for nearly thirty years, neither knew of the whereabouts of the other until about a year ago, when a friend of the late Mrs. Clugston informed her that Mrs. Alsdorf was her sister. Because of fear that pride and doubt might make an appeal to Mrs. Alsdorf useless, the knowledge was kept a secret from her until Wednesday morning when she was given the startling news that Mrs. Clugston was her only sister, who had faded from her memory, they having not seen each other since they were small children.

The news came as a decided shock to Mrs. Alsdorf and her sorrow and regret at not having been apprised of the relationship before death intervened to separate them, was pathetic beyond description.

Many years ago, when the sisters were very small children, an estrangement between their parents resulted in their being adopted by private families. Mrs. Clugston being taken into the household of a family named Wright, residing east of the city.

Mrs. Alsdorf, who was very young at the time of her adoption, was never informed as to who her parents were, but she was told that she had a sister, she never knew until Wednesday.

On her death bed Mrs. Clugston called for her sister but before word could be gotten to her, the sister passed away.

The dead woman had frequently spoken of the sisterly love, almost unrequitable, that had drawn her toward Mrs. Alsdorf whenever they chanced to meet, and often described the longing she felt to clasp the woman in her arms and declare their relationship.

The case is a peculiarly sympathetic one, which is attracting the sympathy and interest of every friend of the two women.

The funeral of Mrs. Clugston will be held at the home of Mrs. Clara Bradley 186, Granville street, Thursday morning at 10:30. Interment in Hanover cemetery.

PLAYING THE GAME.

Politicians Reaped Rich Harvest in Wytheville, Says Citizen.

It was almost twenty years ago that the town of Wytheville, Va., first laid itself open to the designs of self seeking politicians through the erection of a public lighting plant. Since then the vicissitudes of the venture have been many, culminating in the sale of the plant for practically nothing. The story is best told in the words of a leading citizen, who says:

"The plant was installed in 1889 by the town of Wytheville at a cost of \$12,000 and was operated by the town as a municipally managed institution until about 1893. While so managed it was operated at a loss, being subjected, as all municipally managed utilities are, to graft, political intrigue and unsystematic and inefficient attention. It became a public scandal of costliness and inefficiency by 1893, at which time it was leased and operated for several years with a fair degree of success, the profits sold at a fixed price per terms of rent, which were about the same prices from consumers' standpoint as had been effective under municipal management. Under the later management the quality of service was first class—much better than under municipal management at the same prices—but the equipment was inadequate for properly caring for the increased demand.

"The apparent success of the lessees in operating a municipally owned plant was like flaunting the red flag in the face of local politicians, who could not forget the 'pickings' formerly enjoyed by them under municipal control, and they persuaded the town authorities in 1902 to terminate the lease of the plant and sell it at \$1,500. It was actually worth about \$4,000.

"The trouble about municipal ownership in a small town like this is that the citizens are too busy attending to their individual affairs to avoid the possibility of the expenditure of, say, \$1,500 by designing men in influencing 'public opinion' to look the other way while a lot of grafters loot the town and recoup themselves with the difference in value between what they can get while the municipal managers are looking the other way and the actual worth of the property."

Nothing Doing.

An optimistic broker in Wall street, New York, rushing out of his office the other day, put this sign on the door:

"Back in five minutes"

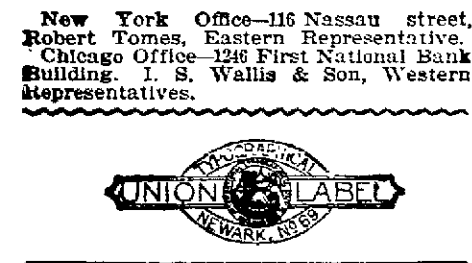

A gloomy old cynic, voicing the sentiment of the entire street, wrote underneath:

"What for?"

**DEMOCRATS, TURN
OUT ON SATURDAY
TO THE PRIMARIES**

The Democratic primary elections are to be held on Saturday of this week. It is of the highest importance in every way for the Democrats of the county and city to turn out in strong force and vote for their choice among the several candidates who are seeking nominations. This is the occasion that affords the Democratic voters the opportunity to select the men who shall fill the various positions of importance and responsibility connected with the government of our county affairs. A large vote always secures the nomination of good men for the positions and popular candidates on the ticket. A large vote, too, always creates greater satisfaction in the result of the primaries, and the candidates thus nominated are always stronger with the people at the fall election.

The men who shall be nominated next Saturday are as certain to be elected as it is possible for such a result to be predicted, and the primaries this year, therefore, are as important as the general election itself. For these reasons every Democratic voter should turn out next Saturday and cast his ballot for the men of his choice.

RAILROAD RATES
Will be Greatly Reduced During the Denver Convention—Demand for Special Trains.
"Railroad rates is a subject that enters largely into the calculations of those who have charge of conventions," said a prominent railway man to an Advocate reporter yesterday. "An effort is always made to locate a convention at a point where the railway rates will be favorable for a large attendance. This point was taken into consideration this year in locating the national Democratic convention in Denver, Colorado.
"Colorado has been favored by the railways every summer for many years. There is a great deal of summer travel to Colorado and the roads agreed long ago that this travel might be encouraged by making more favorable summer rates. It was found that when low rates were made the volume of travel always increased in proportion.
"There will be special inducements in the way of rates made for the Democratic convention, of course. Special trains have been engaged long ago from all the large cities of the country and from all indications it appears that the crowd at the convention will be larger than any convention that has been held in recent years.
"Colorado has on an average of 200,000 tourists every year. During the past several years the favorable railway rates toward Colorado have been taken advantage of by a large number of national conventions. Large fraternal gatherings have been held in Denver for the past several years, many of them bringing as many as 100,000 visitors there.
"All the railways are alert this year to secure the special train business to the convention in Denver. July 7th is the opening day and it is probable that by a month from now all the special trains the roads of the country can spare will be contracted for. There will be a larger attendance of newspaper men at the convention than has ever attended a similar convention. Arrangements have been made by the Chamber of Commerce of Denver to induce more than the ordinary number of correspondents to come, the attraction being the pleasures to be enjoyed in the mountains and in fishing and hunting among the Rockies.
"If the demand for special trains toward Colorado continues the railways will be obliged to secure additional equipment as there is always a shortage of passenger coaches when the Colorado travel is heaviest in July."

JUDGE HARMON

REPLIES TO LETTER OF CONGRATULATION OF DENISON HARMON CLUB.

First Meeting Will be Held This Evening and Will be Addressed by Judge Brister.

Granville, O., May 20—The Harmon club, organized here last Saturday by the students of Denison university, bids fair to become one of the largest and most influential in the state. The students of old Denison are rapidly enrolling their names. The fact that the Democratic candidate for governor is an alumnus of Denison is the one to be emphasized in consolidating the student body for his support. All citizens who wish to identify themselves with the club are to be placed on the list of honorary members, and quite a number have already joined the ranks.
Immediately after the organization of the Harmon club on last Saturday, greetings and a note of congratulation on his nomination for governor were sent to Judge Harmon as follows:

"With sincerest regard for your as an alumnus of our college, and in full sympathy with the great principles on which you stand, we, the members of the Harmon club of Denison university, the first Harmon club in Ohio, respectfully send you our heartiest congratulations upon your nomination, our sincerest wishes for your overwhelming success and pledge to you our faithful support in the coming gubernatorial campaign."

In reply to the above expressions of good will and congratulations of the club, the following letter addressed to the club has been received from Judge Harmon:

Cincinnati, O., May 18, 1908.
My Dear Friends:
I was greatly pleased yesterday when a dispatch from you was telephoned to me, announcing my new honor, that of having the first club organized in my behalf in the dear old town of Granville. One of the things which consoles me for the responsibility I have undertaken is the way the Denison boys all over the country have hastened to send me expressions of their confidence and good will. But, when these feelings take the practical form which yours have taken, it is all the more gratifying.

I am trying to arrange to be in Granville during commencement week and I shall certainly do it if possible. I shall then have the pleasure of expressing in person my appreciation of what you have done.

Kindly convey to all the members of the club my thanks for the substantial way they have adopted to express their confidence and good will. Very sincerely yours,
JUDSON HARMON.

Messrs. L. D. Sarant, H. D. Swygert, F. D. Carlock, Harry Orr, Clarence E. Brown.
Granville, O.

The first meeting after the organization of the club will be held to-night in Sherman Hall, in the gymnasium building, on which occasion Judge E. M. P. Brister will deliver an address and the above letter from Judge Harmon will be read. It is hoped that everybody, irrespective of party, will turn out.

Don't Neglect Your Teeth
Many persons have a fashion of postponing the treatment of a bad tooth until forced by excessive pain, to seek a dentist for relief. Nine times out of ten, the patient has waited too long and what would have been a simple and inexpensive case of filling calls for a crown or artificial tooth costing a great deal more. Don't neglect your teeth. They need your constant attention and a reliable dentist should be consulted when a cavity is first noticed or the least pain felt. By proper treatment your teeth may be preserved indefinitely and a great deal of expense and useless suffering avoided. Ours is one of the best equipped dental parlors in the state. We fill teeth and supply crowns, bridge work and artificial teeth that are as near natural as it is possible to make them.

Was Prominent Grocer and Member of Many Societies—Former Gardener for the Astors.

Andrew Vogel, one of the oldest of Newark's German citizens, who was prominent for John Vogel as Astor in New York, for some time after landing on American soil, died at the home of his daughter, Mrs. W. J. Johnson, 105 Maholm street, New Newark, Tuesday evening at 9:15, at the advanced age of 83 years, 5 months and 13 days.

Mr. Vogel was a charter member of the order of Druids, the local order of Knights of Pythias, Red Men, and the German Benevolent Society, and was president of the German Building association of Newark from 1872 until 1878. In this period he was treasurer of the K. of P. order, president of the German Benevolent society, and treasurer of the Druids' original local chapter.

During his residence of over half a century in Newark Mr. Vogel amassed quite a snug fortune which he freely expended for charitable purposes until the sum was gradually reduced to merely a comfortable living. His generous and charitable disposition won him hundreds of staunch friends to whom his loyalty was always in evidence.

The deceased was born in Heilige-dorf, Bavaria, and came to America in 1850, landing in New York. Through the influence of a friend he met John Jacob Astor and applied for a position as gardener. He was hired by the wealthy Englishman personally, and assumed his duties at once, being frequently praised for his excellent care of the beautiful grounds about the New York estate of the Astors.

During the reign of King Ludwig, he worked at the stone cutter's trade, learning it at the age of 13 years, but in 1845 his father died, leaving him to support his mother and two sisters.

While employed by the Astors, Mr. Vogel received a letter from an uncle in Newark, asking him to locate here. He came by way of the canal, which was even a slower means than the sailing vessel which brought him to America.

In 1851 he married Miss Polly Darst and leased a farm in Madison township, where they resided until 1864 when he purchased the South Second street grocery and bakery, which he operated for 31 years, retiring in 1887 and spending his time gardening at home.

In 1867 Mr. Vogel purchased the site of the Seiler Hotel, which was then owned by a Mrs. Fischer. Later the property was sold to the present owner. The family located in a property on Spencer street in 1868, living there until 1897 when they removed to 105 Maholm street.

Mr. Vogel went to college in Bavaria while working at his trade, and managed to earn his complete education.

He has been ill for about a year and a half, suffering with the infirmities of advanced age.

He leaves three daughters, Mrs. C. H. Rogers of Zanesville, Mrs. W. H. Markham and Mrs. W. J. Johnson of this city.

The funeral services will be held Friday afternoon and will be attended by the members of the orders in which he was a prominent worker and which were to him second only to his family and the church.

MAE WOOD

(Continued from Page 1.)

flattering Mr. Hummel," she said, trying to get out of him the truth—who was behind him?

"And all that you wrote him was false—lies?" asked Stanchfield.

"Yes," replied the witness convicting herself of prevarication and broadly impeaching her veracity as to all of the things she had been testifying to.

"Did not all is fair in love and politics mean that you were trying to get more money out of Mr. Platt?"

"No! No! and again, no!" cried the witness.

In another letter that Stanchfield read, Mrs. Wood said to Hummel: "Miller took the Platt letters to the White House and showed them to Loeb, and he told Miller to bring them back again."

Still another letter to Hummel contained this statement:

"Your letter received. I will prepare a little typewritten statement which you can show to Mr. Blank. He can show it to his clients and it will be a surprise. Old Platt threatens me if I probe any gossip about old Janeway. I don't know whether they intend to murder me or how they propose to destroy me."

The only important development of the redirect examination was the production of a statement alleged to have been signed by J. Martin Miller and handed to Mrs. Wood. It exposes an alleged conspiracy in these terms:

"I was asked by high government officials in Washington and New York, to get possession of Sen. Platt's love letters to Mrs. Wood. In order to do so I had to pretend I would get out a book for which she gave me the manuscript on October 8, 1903. It was agreed by all parties interested that I was to get her to New York and get the papers out of her room."

"Mr. Loeb called on Platt in New York and told him Mrs. Wood was going to sue him for breach of promise. Then Platt said he would be a party to the scheme. I failed to get possession of any original documents or letters. We then began the scandal in the newspapers to force her to come to terms. Wynne, first assistant postmaster general, started the ball rolling. I disseminated such information as I could get from the office of the first assistant postmaster general. Sen. Platt was fully informed of all matters by me, as I was instructed to co-operate with him, but the original letters were not to be given to Platt but to Mr. Loeb in Washington."

"I was got into the conspiracy by powerful officers whom I would not dare to displease from a newspaper or political standpoint. I consulted Mr. Howe, Senator Platt's secretary, frequently, and acted at all times under the direction of Loeb and Platt."

"I Martin Miller."

The defense began to offer testimony today. It was said that it is not impossible that the President's secretary, Wm. Loeb Jr., will be called as a witness for Platt.

RANGE HORSES

Will be Corralled and Colts Branded—Roundup Will be Completed by End of June.

Spokane, Wash., May 20—Five thousand range horses are to be corralled and several hundred colts branded during the spring roundup now in progress in the Kittitas valley, southwest of Spokane. "Bill" Taylor, frontiersman and veteran ranger, who has been in the saddle more than 37 years in this part of the country, has marshalled the best riders in the district and it is expected to complete the work before the end of June. Horsemen say there are 50 or more outlaws in the band and of these two stallions stand out as being fleet and untamable. One of the animals broke out of a corral nine years ago after being branded, while the other has never been roped. They have caused numerous stampedes and are not afraid of any horseman on the range. The range horses are of better quality than in years, and there are fewer cayuses. Many of the animals cut out in the roundup fetch high prices after being broke to saddle or harness. Taylor declares that in a few years the last band of wild horses in Washington will be rounded up and branded and the ranges given over to a more profitable branch of the agricultural industry.

WHEN THE CLOVER IS RED.

When the bumble-bee sips, and the clover is red, and the pebbles shine white in the old creek bed, 'tis Summer, and old Sol scorches and sears, and the foliage all drooping and wilted appears. OHIO STATE LEAGUE IS ONE MONTH OLD

And Many Surprising Things Have Happened---Teams All Show Form and All are Bunched

Last Game of Series at Springfield Yesterday Was Postponed by the Rain Which Also Stopped Other Games Over the Circuit.

Springfield	11	7	.611

Mansfield	11	7	.611

GAMES TODAY.

GAMES TOMORROW.
Newark at Marion.
Lancaster at Lima.
Springfield at Mansfield.

YESTERDAY'S RESULTS.
All games postponed--Rain.

Rain caused a postponement of every game in the league yesterday and the teams and fans of Springfield were disappointed, for the closing of the Orphans and the Mohawks has been interesting and at Springfield the break was even. The first game there was a bad one from several standpoints.

First, both teams played groggy ball and the fans were disappointed, as a result the second game that was fast and clean was played to a crowd that could be seated in one street car for the return trip.

Then, according to the scores the umpires were bad, impartially bad but that didn't help things along any. Bobby Hart that has umpired good ball here and is well liked, was charged by the Springfield papers with being very much punk. Kramer is up on the same charge but that was not surprising. Handbitch that umpired as poor a game here as a man could, is liked by the Lima fans. And so it goes down the line.

The league is a month old Saturday, and some surprising things have happened in that time. The teams are all well bunched, and while there have occurred some severe shakings in the standing of the clubs yet Marion at the top and Mansfield at the bottom of the list are only separated by 10 points. The teams all seem to be well balanced and the race is one of the best in organized base ball.

Marion has taken the expected slump and her strikers are not showing up as well as they did when cold pitchers are working. A few warm days like were given us last week would show a big change in the work of the twirlers. Lima has not had the

SHORT NEWS FROM OVER THE CIRCUIT

"Windy" Leshaw has been enough in himself to say that it is his opinion from the game that this caused Marion's losing streak.

The attendance at Springfield has been anything but encouraging to the promoters of the sport in that city. The distance of the ball yard from the city may be the cause for it, but it can't be the Springfield team. The Orphans look good and as a side bet they'll Ransick has a bunch that can play ball with the rest of the league.

"Lacks" Cliff Lamer has been released by Manager Ramsey of Springfield. Lamer was at one time in the National League and one of the best pitchers of the business but his arm is gone and Ramsey has decided to let Jake Benny have been named for his stopping.

Manager Leary of the Lehigh has a bunch of ball players. The town has been unfortunate for the last several years but this season it looks as if it will be a lucky one.

Johnnie G. and Charlie Lyons has been named to the Alliance club by Manager Fox of Lancaster. Fox is also trying to place Catcher Welch at his home club. This will leave Welch to do the work of the catching.

Fred Hamilton of the National commission has not imposed a fine on Catcher Lasky for failing to report to Marion and for playing outlaw ball this spring.

Brown, a pitcher from Richmond, Ind., has signed with the Marion team. He is said to be a good man and he has worked in the Indiana-Ohio league.

Some of the sport writers of papers in the O-P circuit are filling a lot of space in their papers with remarks about the Ohio State league, and Newark especially. Go it me boy! One thing is dead sure as a glance at the per centage of the two leagues will show, the Ohio S. league is playing far and away the best ball this season.

Manager McVey of the Mansfield Tigers has secured Fred Wagner, who has been playing center field for Youngstown. Wagner is reported to be a good man and a good stickler.

JENNINGS SUSPENDED

New York, May 20.—Manager Hugh Jennings of the Detroit team, was suspended Tuesday by President Ben B. Johnson of the American league pending an investigation of alleged acts of rowdism during Saturday's games between New York and Detroit resulting in Jennings and Pitcher William Donovan being ordered from the field by Umpire Harst. Donovan was suspended yesterday.

TOUGHT TO HELP SOME

The Cleveland papers have an odd way of keeping the Ohio State club standing. Every time a game is declared off for any cause in Newark, they credit the Newark team with a game won, and when Newark plays a game they give her two--Marion Star.

There are divers ways of getting in the swim.

BURNS WILL FIGHT

London, May 20.—Tommy Burns, the heavyweight pugilist, today sent a cablegram to Jack Harty at Chicago, accepting an offer to fight Jack Johnson, the colored heavyweight, in Nevada on Labor Day, for a purse of \$10,000 Burns to have \$10,000, win, lose or draw. Burns' acceptance is as follows:

I will accept \$5,000 for Labor Day. You know my terms. Jeetries to referee. Neall will post the forfeit. Sign for me.

Burns is surprised at the structure in the American newspapers because he did not reply earlier to this offer. He says he never heard of it until he received Curley's letter yesterday.

Samuel Fitzpatrick, manager for Jack Johnson, said that Johnson had not heard anything about the offer from Curley. As soon as he hears he is ready to come for the offer.

A GRATEFUL GUEST.

The Reward She Bestowed Upon Those Who Entertained Her.

"Human nature is a queer thing," said the philosopher.

"Not long ago some friends of mine got badly down on their luck. Times were so hard for them that they scarcely knew which way to turn for the necessities of life.

"At that most inopportune time they received word from a woman friend of theirs that she was coming to visit them for a few days. They were dismayed, but by the exercise of great ingenuity and by depriving themselves to almost the vanishing point they managed to entertain her and really to set before her most excellent meals.

"After she left their affairs continued to grow even worse, if possible, and while they kept up a brave front I was near enough to them so I couldn't help knowing all about it, though they were not aware that I saw the situation.

"I thought it was time some of their friends came to the rescue if a suitable way could be devised, so I wrote the woman who had been their guest--being slightly acquainted with her myself--told her I would head the procession, would like her aid and would be glad of any suggestions she could make as to a practical plan for helping our old friends without hurting their proper pride.

"Her reply gave me something to think about for many a day. She said she didn't care to help them, as they already lived too well and set too expensive a table; that when she had visited them they had a great deal more to eat than was necessary and that they must be very extravagant people; that it was undoubtedly their own fault they were in such trouble and that it would probably teach them to be more economical in future!"--New York Press.

Nerve, Sure Enough.

"The nerviest individual that ever I encountered," says ex-Senator Mason of Illinois, "was a chap that dashed into an accommodation train running from Chicago to Evanston on an occasion when I was occupying a seat near the door.

"Just before this person appeared for my car the other passenger or two and myself had heard a yelling in the train shed, in the confusion of which we heard some one shout, 'Stop thief!' 'Well, when this person did scamper into my car he looked about for an instant with every appearance of a hunted animal. Then he dived under my seat, exclaiming: 'Sir, I rely upon your honor!'"--Lippincott's.

The Only Food

The only wheat food that is perfectly cooked--a pretty strong claim, is it not?
Steam-cooked for six hours--then thoroughly cured--then baked at 400 degrees.
It requires 96 hours to turn wheat into Mapl-Flake. Yet flaked food can be made in from 18 to 20 hours. Let us tell you what a difference that makes in the food.
Wheat is composed largely of starch.
Starch, to be digestible, must be made soluble. The particles must be separated, so the digestive juices can get to them.
You cannot digest raw starch.
The only way to break up the granules of starch is to apply a fierce heat, and for long. That is why wheat is flaked--to get it so thin that the heat goes through.
In baking bread, the inside of the loaf never gets heat enough. That is why bread doesn't all digest. That is why more will digest when it's toasted.
The more starch you break up by heat, the more food you will get. But no form of wheat food--save Mapl-Flake--is so cooked that all of the wheat becomes digestible.
Mapl-Flake alone is all food.
That is why Mapl-Flake is the most economical food. It is all nourishment.
But that isn't all. When only half of a food digests the other half ferments and breeds germs. It always causes, in some degree, symptoms of indigestion. Dyspeptic symptoms are usually due to the failure of starch to digest.
Mapl-Flake is cooked with pure maple syrup. That's for the children, mainly--to make them like the food that is best for them.

BOAT CLUB PLANS ROWING REVIVAL.

(By George W. Woods.)
Said Paul Allen May 20.—Rowing in San. Paul and the Northwest has been given a decided impetus during the past few years. Through the revival of the Minnesota Boat Club a San. Paul organization which at one time had the reputation of turning out some of the best crews who ever sailed on a shell.

There was a period, some years ago, when the club was in grave. The members who had won championships and glory for the club and city, had given up participation in aquatic work, and it remained for the younger generation to again take hold of the club, and attempt to regain the prestige which it once held.

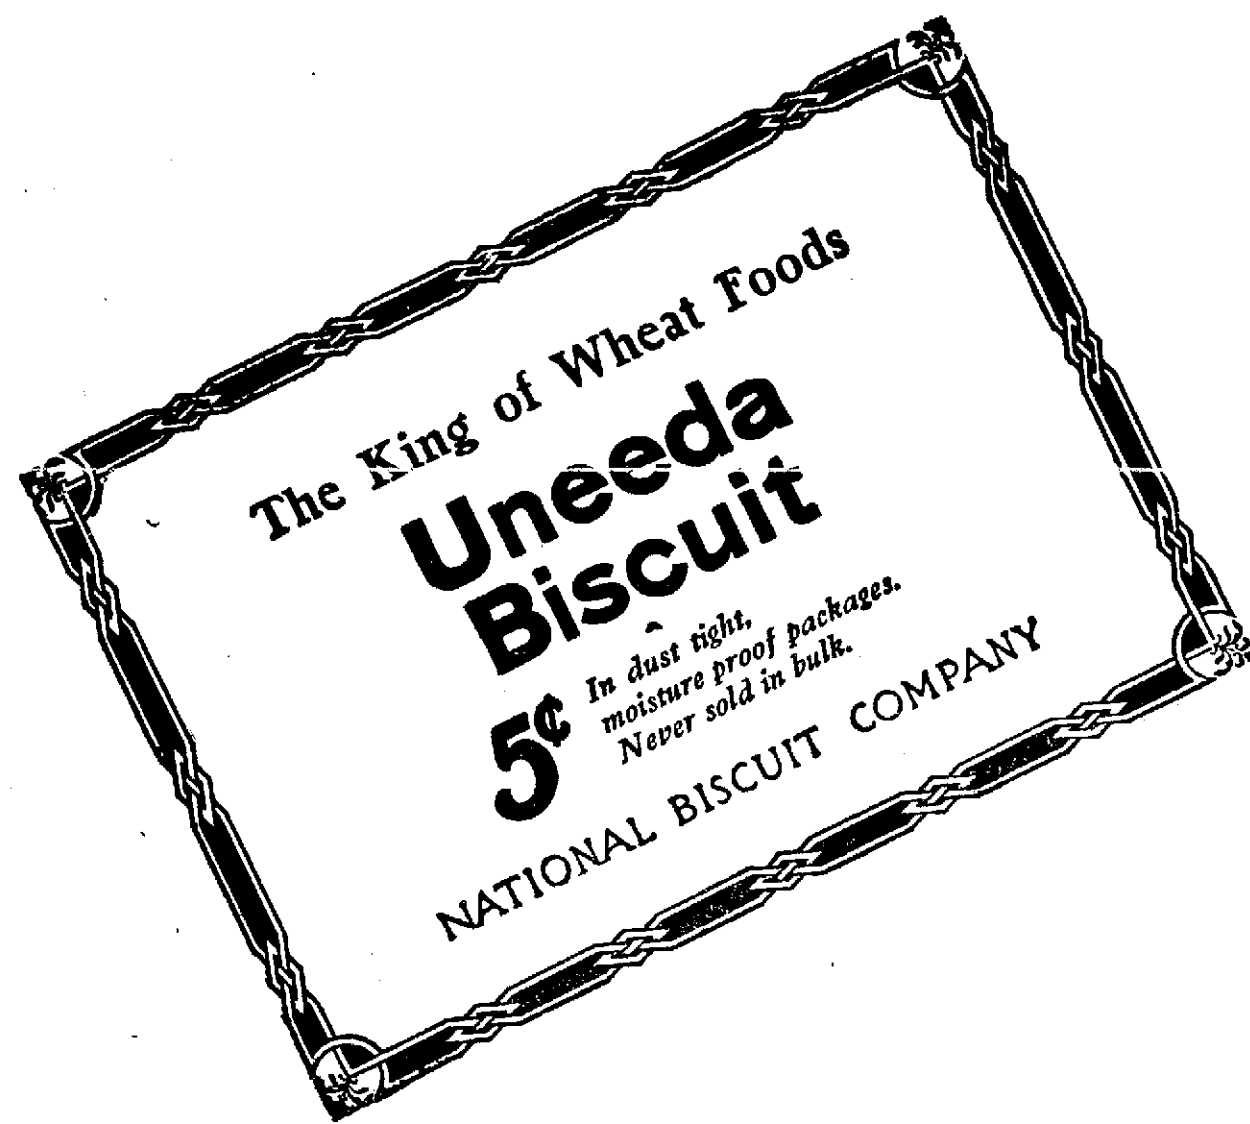

Last summer, at the annual regatta of the Minnesota and West Canada Rowing association, which includes the local club, and the clubs from Duluth, Minn., Winnipeg, Man., Ft.

William and Norma, Ont., held at White Bear Lake, a fashionable summer resort, some miles out of San. Paul, the club from the Minnesota Boat Club made a remarkable showing. They won three out of four sweep and senior events, and first in the event, and first place in the junior event. The senior eight event was lost by a few feet after the hardest kind of a struggle.

Hardly had the ice gone out of the Mississippi before the men were on in the boat, getting in shape for the rowing season. Since most of the members are engaged in active business in the city, they are forced to do their rowing during the noon hour, and after business hours in the evening. Owing to the accessibility of their club house, which is situated on Raspberry Island, a wooded isle in the Father of Waters a few minutes walk from the heart of the city, the club members are able to overcome the handicap of not having the time to devote to training which is usually indulged in by college crews or those representing athletic clubs.

It is safe to assert, that nowhere has the spirit of amateurism pervaded the ranks of athletics more deeply, than it has among the Minnesota Boat Club members. Not one of them is a professional athlete. A great many of them received their training at the leading colleges of the country, and others are now students at Eastern colleges who on their return to the city, row with the crews during their summer vacation.

The club does not even have a professional coach. H. P. Langford, Jr., whose brother George Langford was struck on one of the Yale crews which rowed in the Henley regatta on the Thames, is head coach, and he is assisted by older members of the club.

RELATIVES

ASK LICKING COUNTY OFFICIAL
FOR INFORMATION ABOUT
FRED WAECHTER.

Common Pleas Court, Cases Against
Nonizio Dismissed, and Other
News of Courts.

Probate Judge Brister has received a communication from E. Luthy, Swiss consul at Cincinnati, wherein, on behalf of the foreign department of the confederation of Switzerland, he asks for information concerning one Fred Waechter, a farmer aged 76 years, a native of Switzerland, who is reported to have died in Ohio. The consul states that Waechter is said to have left considerable property and probably a will, and his relatives residing in Switzerland are very anxious in regard to the same, as well as to the truth of the report of his death. Judge Brister, after making careful research was unable to find anything in the records of his office that will throw any light on the matter.

Died at State Hospital.

Probate Judge Brister has been notified by Supt. George E. Stockton of the State Hospital at Columbus, that Frank Weed, a patient from Licking county, had died at the institution. Mr. Weed was sent to the hospital in September of 1906. He is unmarried and is about 30 years old. The body will be brought here for interment.

Organize Equalization Board.

The board of county commissioners and the county auditor met Wednesday and proceeded to organize the county board of equalization. Mr. J. M. Lambert being elected chairman. Hereafter the board of uniform accounting held that the commissioners are not entitled to compensation for acting in the capacity of board of equalization, but a recent decision holds in favor of the commissioners being paid for their services in this respect.

Railway Appraisements.

The annual appraisement of the Central Ohio and the Shawnee divisions of the B. & O. railroad was held by the auditors of the various counties through which the roads pass, in the county commissioners' office in this city. Those present from out of the city were S. J. Griffith, of Baltimore; J. A. Norton, of Tiffin; Auditors D. R. Wallace of Guernsey; A. W. Beattie, St. Clairsville; W. J. Shively, Caldwell; L. E. Brelsford of Zanesville, with Auditor J. N. Wright of Licking county. They fixed the following valuation:

Central Ohio division: Main track \$9500; second track, \$2250; switches and sidings, \$2500 east and \$1400 west; rolling stock and equipment, \$3000; tools, \$50. The buildings reported by the company are subject to approval.

Shawnee division: Main track, \$3200; switches and sidings, \$1000; rolling stock and equipment, \$500; tools \$20. Buildings reported to the auditor.

Common Pleas Court.

The case of George Melvin vs. Metropolitan Life Insurance company is trial to the court and jury. The suit is brought to recover the sum of \$500 and interest claimed to be due plaintiff on a life insurance policy issued upon the life of plaintiff's wife. The defendant claims that at the time of the signing of the application for insurance the deceased had a cancer and that she knew it and misrepresented the condition of her health. Smythe & Smythe; Kibler & Montgomery.

In the case of the State of Ohio vs. Gilio Nonizio, charged with assaulting Frank Fritz with a fork with intent to kill, and which was continued in Justice Nash's court, the prosecuting witness failed to appear today and the case was dismissed.

RAMEY

Arrested by Police Last Night—He
Assaulted Foreigner Last March
But Escaped.

The last of the gang that assaulted Jean Marlan, a foreigner, March 17, and attempted to rob him, was rounded up by the police last night, and is now in the county jail awaiting the next session of the grand jury.

There were four men implicated in the crime, and Harry Ramey and Stanley Kibler were arrested shortly after the affair. They were each bound over to the Probate court and were given a jail sentence. The other man was clever and it was impossible to get anything on him.

The fourth of the quartet, Mose Ramey, escaped and went to Baltimore, where he has since been. He landed in Newark a couple of days ago and the police immediately spotted him. They waited until last night, then they made the raid, and Ramey was taken in the net. He was brought into court this morning and upon the confession of his brother and testimony of other witnesses that

he was the one that clubbed the foreigner, he was bound over to the next term of the grand jury under bond of \$200.

This he was unable to furnish and he was taken to the county jail to rest until he is called before the higher court. The foreigner was badly injured by the men, but has since recovered, but the police have been unceasing in their efforts to round up the last of the gang, and the man that made the assault.

MODEL ROCK ROAD.

First Strip Constructed in Wisconsin Under Direction of U. S. Engineers.

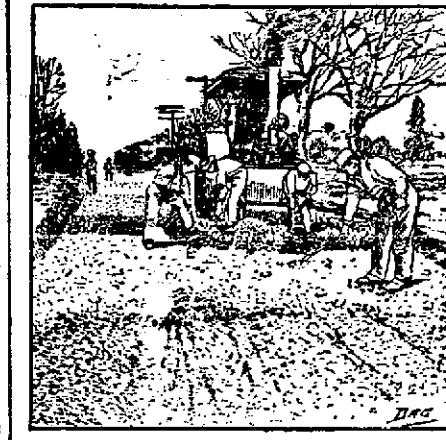

There has recently been completed in Rock county, Wis., the first strip of road built under the supervision of United States engineers since Wisconsin emerged from a territory into the dignity of statehood, says a Janesville (Wis.) correspondent of the Milwaukee Sentinel. Incidentally it is the first model road to be constructed in Wisconsin on rural roads with proper machinery on rules laid down by the government. This strip of road is three-quarters of a mile in length and lies a half mile east of Clinton, in the township of that name.

When the county board met last spring the towns of Clinton, Plymouth, Center, Fulton, Bradford, Beloit and Milton all appropriated sums ranging from \$400 to \$1600 for the construction of good roads. According to the state law, the county board was of necessity forced to appropriate from county funds an equal sum for each town equal to their appropriation.

Just at this time Samuel C. Lancaster of the bureau of good roads at Washington spoke before the state legislature, and Mr. Hotchkiss, secretary of the state good roads movement, prevailed upon him to visit Rock county as the only county in the state which had appropriations for the purpose. His visit resulted in the good roads bureau at Washington being prevailed upon to send a complete set of road building machinery and engineers to construct three-quarters of a mile of model road as an example for the rest of the county to follow.

While the cost of the road ran over the \$2,000 appropriated, this was due to high prices of material and long hauls and can be easily overcome in future roads.

The road is built with a twelve foot crown or macadam center. The rock bed is eight inches deep, the stone being crushed from a thickness of fourteen to eight inches. The regular macadam process was used. A layer of coarse rock four inches thick was first laid, then a layer of thinner rock placed in the cracks and rolled down thor-

MAKING OBJECT LESSON ROAD IN WISCONSIN.

oughly, these latter being stones that would pass through a one and a half inch space and were laid three inches deep. A surface dressing of screenings one inch thick was then laid and the whole watered and rolled hard and firm. The crown or surface of the road has a curvature of three-fourths of an inch to the foot, giving good drainage.

The question of drainage for the road was carefully looked to. Side ditches and culverts were placed where water was liable to do serious damage by washing, and attention was paid to the formation of the land through which the road runs.

The government outfit used consisted of a portable stone crusher, a revolving sieve, which separates the rock after being crushed; bins, a steam roller, a sprinkler wagon, scrapers and dumping wagons. The type of wagons used has an adjustable box allowing the rear end to be tilted down close to the ground so that an even distribution of the crushed stone is obtained.

NEWARK GIRL

JOINS CARNIVAL COMPANY AND
IS BILLED AS "VIOLA, QUEEN
OF THE AIR."

Relatives Will Try to Persuade Her
to Give Up Life of the Spangles
and Return Home.

Billed under the glaring title of "Viola, Queen of the Air," Florence McIntyre, 16, is now one of the leading attractions with the Metropolitan Carnival company, which showed here last week.

Miss McIntyre, who is a neat, attractive girl, was employed at the Miller Laundry on Canal street. Last Wednesday noon she left her home presumably to go to work at the laundry, but, when she did not return in the evening her parents became alarmed. A neighbor informed them that their daughter was now Viola, Queen of the Air, and was being hypnotized many times daily and made to arise without any visible support and hang in mid-air.

Mrs. J. D. McIntyre, mother of the young woman, hastened to the carnival grounds determined on the arrest of the manager of the attraction, a man named Adkinson, who hails from Steubenville. After a short talk with the man, however, she gave up the idea and decided to try persuasion with her daughter.

The young woman was permitted to continue with the show for the rest of the week on the understanding that she would return to the laundry when the week was up. This she failed to do, however, and told her parents Sunday that she expected to continue the reign over things ethereal and would transfer her realm to the vicinity of the town of Zanesville, which is located a few miles east of Newark on the C. N. & Z. electric line.

Forest McIntyre, the brother of the young woman, went to Zanesville with her Sunday and endeavored to persuade her to return to her home, but she steadfastly refused, saying that she had always had a desire for the stage and that she could support herself.

Inquiries of the police department at Steubenville give Adkinson credit with a clean record, a wife and one child, and as he has promised to treat the young woman kindly, it was deemed advisable to let her continue her stage life unmolested until she desires to return home.

However, Mrs. McIntyre will go to Zanesville Saturday in an effort to get the young woman to return.

DRUNKENNESS A CURABLE DISEASE

Eminent Physicians and Scientific
Men Agree That it Should be
Treated as Such.

Drunkenness is a progressive disease; the moderate drinker is not satisfied with two or three drinks a day, the craving for more and more becomes irresistible as the disease advances; the result is Chronic Alcoholism.

The treatment used successfully by thousands right in their own homes is Orrine. It is a scientific cure for Drunkenness and has given such universal satisfaction that it is sold under a positive guarantee to effect a cure or your money will be refunded. This guarantee is given in good faith and is carried out to the letter. Orrine is not a new remedy; it has been sold by the leading druggists in every city for years. It has lifted tens of thousands from the depths to worthy manhood and has the hearty endorsement of grateful men and women in every state in the Union.

Orrine No. 1 is the secret remedy; Orrine No. 2, is for those willing to take the treatment. Either form costs \$1.00. The guarantee is the same in either case. Write to The Orrine Co., Washington, D. C., for free treatise on Drunkenness, mailed in plain sealed envelope. Orrine will be mailed sealed on receipt of price. Sold by the leading druggists in every town and city, and in this city by Frank D. Hall.

OPERATIONS

OF UTICA GLASS FACTORIES
WILL PROBABLY CONTINUE
UNTIL LAST OF JUNE.

Mothers' Day Will be Observed at the
Presbyterian Church—Baseball
and General News.

Utica O., May 20.—The Licking Glass factory set blocks in the tank with last Sunday and Sunday and on Monday morning several of the blocks fell into the interior of the tank. The work of making glass will be delayed for a few days by this accident. The Central glass factory expects to set blocks the last of this week. Prospects are bright now for the factories to continue operations until the last of June.

Jonathan Housholder has returned from a visit with his son Lovell Housholder near West Lafayette.

Rev. Albert Dunlap of Columbus will preach in the Christian church next Sunday morning and evening.

A baby girl was born to Mr. and Mrs. John Meek, south of Utica, last Saturday.

F. A. Needham and family visited relatives in Kirkersville over Sunday.

Mothers' Day will be observed at the Presbyterian church next Sunday morning. Appropriate services will be held. All are requested to wear a white flower in honor of the occasion.

The baseball season here was opened at Stanton Park last Saturday afternoon by a game between two picked teams from the glass factories.

"Hartford City" winning 12 to 3. The grounds will be further improved this week.

Mr. and Mrs. Jasper Metzner and daughter Miss Grace of Fort Wayne, Ind. spent Saturday with Utica friends.

Mr. and Mrs. W. S. Hawley left Sunday for a two weeks visit with friends near Utica, N. Y.

The new time card of the B. & O. making No. 15 came at 5:11 p. m. instead of 9:16 p. m. as heretofore. It is highly satisfactory to the majority of the people, especially to the ladies who wish to do shopping in Newark.

Mrs. Ed Pearsall had her parasol jerked from her hand by a stranger while coming through the traction gates on her way home from Buckeye Lake park last Sunday. The man was seen to enter a car but a later search of the car by Mr. Pearsall failed to reveal either the man or the parasol.

The baccalaureate services held at the town hall Sunday night were not so well attended as usual owing to the very unpromising weather. Music was furnished by a quartet composed of Mrs. Chapman, Miss Cummins, Mrs. Elv and Mrs. Roberts. A very interesting and uplifting sermon was preached by Rev. W. S. Chapman. The platform was beautifully decorated with flowers and ferns.

The Utica High school commencement will be held next Friday night, May 22, at the town hall. The graduates are: Oakley Cline, Mary Bricker, Isabel Adams, Anna Penick and Marguerite Permar. The class address will be given by President Alston Ellis of Ohio university. Music will be furnished by Marshall's orchestra of Newark.

Word was received Friday by C. W. Jewell of the death of his father near Oskaloosa, Iowa, last Thursday night. Mr. Jewell lived in Licking county for some years and was well known in this vicinity.

Luther Sleigh will remove to Weston, W. Va., June 1st. Harry Pearsall will have charge of the store and Alph Clutter of near Owl Creek will be his assistant.

The Agnes Deary property which was to have been sold at auction last Saturday was not sold and will be re-advertised and sold at private sale by the executor of the estate, W. W. Reynolds.

There will be a social at the Fredonia Baptist church Saturday evening, May 23. Everybody cordially invited.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulator cures bilious attacks. 25 cents at any drug store.

AID SOCIETY MEETS.

The Ladies' Aid society of Linnville was very pleasantly entertained May 13 by Mrs. Charles Yowell of Newark R. F. D. No. 1. The day was pleasantly spent in sewing. Those present were Mesdames: Altha Towner, Lida Orr, Etta and Ollie Goldsmith, Eliza Lawrence, Jennie Stevens, Rozetta Harner, Minerva Orr, Lizzie Orr, Elma Hartsough, Emma Dispennet, Mrs. Hupp, Clara Alrich, Zella Yowell, Luella Kreiger, Miss Pansy Stevens, Olive Orr, Lester Haines. The next meeting will be at Mrs. Elma Hartsough's.

Now is the Time

To have your dental work done. We have decided to extend the time during which we will make

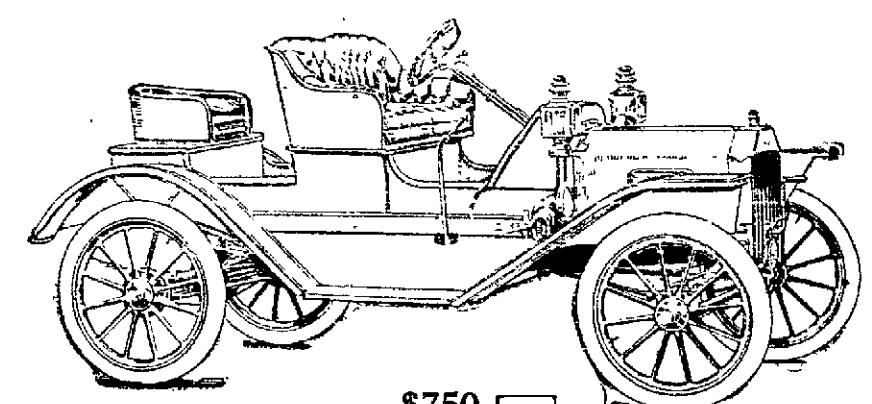

**\$5.00 CROWNS FOR \$3
AND \$10 PLATES FOR \$7.50**

to May 30. We will positively not again extend the time for this liberal offer. The plates and crowns are the best that can be made, and this is a great opportunity to get first class dental work done at a very low figure. For a limited time we will use our famous oxygen system to render all work painless, free of charge. This system positively renders all dental operations entirely painless. Read what our patients say of it:

"Dr. Cochrane removed the nerve and filled a large buck tooth for me entirely without pain by his oxygen system," says Miss Goldie Cook, 407 Florence street, Newark, Ohio.

You Can Afford to Own a Ford

\$750

Model "S," 4-Cylinder, 15 H. P. Roadster.

We have proved too conclusively that in addition to selling a runabout for \$600 that's as well-built as any \$1000 car made, the car can be driven by the most inexperienced operator, at a lower upkeep cost than any other car regardless of price.

Do you think it's too strong? Well, we have 16,000 Ford owners to back it up. There are several in your neighborhood; ask them and we will abide by their decision.

As Mr. Ford said: "I wanted to make a car that a man on a salary of \$1200 or \$1800 a year can afford to own"; and that's just exactly what he did, and two-thirds of the Ford cars in use today are owned by men on a salary—men who have found that a Ford was cheaper than a horse—cheaper than street cars and railroads.

We know you would like to own a car. Perhaps you think you cannot afford it. If that's the case just call at my garage and see for yourself how a good car can be secured at a very low price, and how economically that car can be maintained.

The 1908 model "S" Roadster; a 15 h. p. cylinder; rumble seat; powerful, efficient car of handsome design; a car possessing the popular features of the highest priced car—\$750.00.

Then there's the world-famous model "N" Runabout, 10,000 of which were sold in 1907—\$600.00.

The model "S" Runabout, 4 cylinder, 15 h. p.; dependable and powerful—\$700.00.

Ask to see the 6-cylinder, 40 h. p., model "K" Touring car or Roadster, at \$2300, that is as high-grade a car as is possible to manufacture at any price—a car that will do anything any \$5000 car will and do it better.

A DEMONSTRATION WILL BE A REVELATION.
